

AVONDALE | EAST TAMAKI | KOPU

THE OFFICIAL SPONSOR OF THE 2019 GOLDRUSH RALLY OF COROMANDEL

Dayle ITM Goldrush Rally of Coromandel 2019

Competitor Information Number	One
Issue Date	1200hrs, 14 August 2019

To All Competitors

Dakota Drive SSS8

A reminder that the SSS is 2.5 laps. At the Flying Finish point competitors will travel on the right hand side for the first two laps, and on the left hand side for the finish. A barrier and sign will assist with this.

Please note you may have your start delayed to a part minute so as to manage congestion after the Start. Please follow the marshal's instructions.

Itinerary

Itinerary in the road book is the definitive version and is slightly updated from the one in the Part Two regulations as noted by the shaded sections.

Refuel and tyre changing zone

A change in format has been made to the Coromandel tyre and refuel zone compared to last year as per the roadbook - Competitors will now enter the Tyre changing area first then move on to refuel.

Portaloos

For your convenience there will be Portaloos at the start of each stage (excluding SSS8) and we would encourage all competitors to make use of these facilities.

Service Park

Space within the service park is limited, the council has cordoned off the grass area so there is no room to park trailers.

Rallysafe

Rallysafe units will be available at Documentation from Friday morning.

Stuart Barnett
Clerk of the Course
